I WRITE NOW

Ever since I can remember, writing has been one of the most magnificent creations that feeds and nurtures my Soul. Words that can be written, spoken, thought of in mind. Words, and any words, to be shared to inspire, to motivate, to uplift. Beautiful and mindful words.

A Kaleidoscope is formed. Visions in one's mind of far off lands, green pastures, fantasy life, fiction and non.

Any picture can be painted, any creation brought to life. Any dream fulfilled and realized. With all openness and freedom, words flow and rhyme, they dance and sing upon a page.

With Grace and Delight, let the words in what follows now bring to you all a sense of Peace, Light, Laughter, Serenity and, most of all, Unconditional Love.

WITH LOVE ... AS ALWAYS

MICHELE

FOR THIS

**I write for Now
I write for Love
I write for Everything
From Up Above**

**For Guidance and Wisdom
As It shall be
For Progression and Power
From within Me**

**To soar to Heights
I see in Dreams
To Imagined and Real Times
Forever This seems**

CAN THIS BE?

**Little One on Clouds of Wool
Sitting in the Sunlight clear
Faraway Lands and Enchantment now
Distant Memories of far and near**

**Lives lived before this time
Echo in her Perfect mind**

**With what her Precious Hands create
Where this emerged in her Fate**

**Destiny drives Her to be Brave
To move forward with Faith blind
To keep within her Beating Heart
All the Treasures she Hopes to find**

TRANSMIGRATION

**Transmigration
With Elation
Conviction blooms
In tunes**

**We play
Our own
Melody and Rhyme**

**Does this stay now
Or change with
Time?**

BATTERED ... SHATTERED

**What would battered mean
If such
Broken, shattered
Cradled much**

**Dancers dangle
Now with fright
When once they laughed
With pure Delight**

**Never to cartwheel
Hands to stand
Some back to injure
From once some land**

**Never to stop though
Chariots glide
Paths unfold now
Come ... Sweet Guide**

CALL IN THE ANGELS

**The candle now
I light
Sparks now ablaze
In the Sweet Midnight**

**As Magic fills
This Air around
With Mystery, Craft
And embers found**

**In Blaze and Glory
Ash now forms
From New Creations
Phoenix Storms**

MAGENTA

**Mystic Magenta
Colour the Earth
Release New Cycles
For this Sweet Birth**

**For Cradles carved
And cries now heard
This Raven flies
With flocks ... a bird**

PRECIOUS PROMISES

**The first breath now
Is taken in
Released, controlled
Fulfilled within**

**Somewhere a fear
It chokes and how
A shift, a time warp
Silence ... a bow**

**Stand up now tall
Don't slide and fall**

**The time is near
My Sweet and Dear**

CARVE WITH CARE

**Carve with care
This Princess there**

**Dreams and Hopes
Aspiration slopes**

**Birth and bring
Sweet melody sing**

**Hands to reach
To learn and teach**

**With praise
These days**

**The gifts they be
Immersed in glee**

GLEEFUL

What glee precedes
On this fine night
Of moons so full
With sight

Stars that sparkle
Then and shine
Comets fly now
So Divine

Wishes sent up
To Heavens so high
Belief in their
Reprisal lie

In Hearts and Hands
In Eyes and Ears
In waking and passing
In tender years

TENDER

Tender belongings
Sail away
With a fresh ... a new
On this Fine Day

In Sweet Ceremony
Leaves now hold
Intentions and Wishes
Sacred as Gold

What power now
Ignites this force
Bring to me Master
This Trojan Horse

ACCEPT ... PROTECT

**Accept, protect
These hands adept
That hold us close and warm**

**In time forgiven
Eyes alight
Never to come to any harm**

**Encircled and in light
Kept within
To flow out now and near**

**To airs around
And waters deep
Conviction cries a cleansing tear**

PRAY

**Pray, we say
With hearts now open
To Him above
Of hearts once broken**

**To mend and fix
A bow and box
Your Promises sit
And this key locks**

**To hand it over
Now not yours
Was it ever
Open these doors**

**To Love and Life
And Heart felt beat
To Him on High
His Call so Sweet**

PEACH

**Peaches fall
Beneath the tree**

**The soft ground below
Pollen ... bumble bee**

**Yellow ... black
Wings silk and satin**

**Fly now high
In lights of Latin**

**The colour
Sweet and delicate hue**

**Within this dance
Sacred to few**

SYMBOLS

**Symbols, so nimble
Jump over now do
To her delight
Destiny so true**

**Of signs and symbols
In her World
Become part of her
In her heart twirled**

**To make some sense
In her mind then
Where others fear
For why and when**

PAPER CUTS

**Paper cuts
A square He forms
A notice board
Where She adorns**

**Her name a highlight
Black and grey
Ink now bold
For him, her ... they**

**It is confirmed
This timely pair
This Union to be
Maiden Fair**

MANY MOONS

**Many Moons
Will rise and fall
In this time
For one and all**

**Across country
Where the Space
Filled with electric
Mantled Grace**

**High above
And deep below
She dips and rises
She'll come and go**

**Always returns
In slumber deep
When Angels fall
So fast asleep**

MERMAID

**Mermaid
Where do you swim to now
Merman asks
Return but how**

**Destiny dances
Fate aligned
Clarity to crystal clear
In this Mind**

**Of Conscious collection
Of Unity proud
Of sublime protection
From ground to cloud**

**With the flow
Her hair now golden
Her heart strings sing
For Him beholden**

RAINBOWS

**Rainbows
Go slow
Form and twirl**

**Colours
So formed
Violet swirl**

**Chakra dance
And wheels
Now turn**

**Balance
In harmony
Passion burn**

LUNAR

Lunar
Balloon Her
This way and that

Butterflies
Fly free
The call of a cat

High pitched
And poised
On a tin roof

Eyes now
Up to the Moon
Flitter in truth

VOLCANO

Volcano
In calmness
Still now erupt

Throw larva
Over your edges
Be now abrupt

As all explodes
And clears
The air

Pray now
For guidance
For this now be fair

SCALES OF JUSTICE

**Scales of Justice
Outweigh the dark
Sit light with feathers
On each side embark**

**Of fairness and justice
Black and white tiles
A pot plant in corner sits
Queens, Kings, broad smiles**

**They know how to temper
The minds of the Great
To captivate Essence
Of these now of Late**

MY PURITY

**My Purity can
But only be seen
To shine bright and sharp
Now in every scene**

**To elevate higher
The Souls of those near
Of those I Adore and Love
For all time here**

**Tears that flow
With such force
Only release
This course**

**Cleanse now
As water will
Element
Now does fulfill**

WINDMILLS

Windmills come turn
In the sweet breeze

One by one, round you go
Sparkles now freeze

In the ever glow
Of the sharp sun

Windmills come turn
Sparkles become

The dust that will settle
In each little Heart

The Magic that dances
Transformations start

BOLDLY GO

Bold you so manifest
What you desire
What speaks to your true heart
To what you aspire

To go beyond anything
You ever knew
To become everything
You know is true

True to your Soul
Your Spirit and Dreams
Manifest boldly now
You know what seems

A BLESSING I WRITE

∞ TO YOU IN THIS TIME ... THE FOLLOWING BLESSING ∞

May All You wish for, All you Dream and Desire
Take You on Planetary Quests to Something much Higher

To Heavens we reach, To Angels we write
The Eternal Connection ever so slight

With Firmness and Faith, Home shall be found

We are coming together in Alignment Dear Souls

Time is here for us to gather our Sweet Belongings and venture forth
For what awaits us is more Magical than we ever thought
